From the desk of Cary Marshall...

Rushing into 2012 - need the storage space - will sell inventory cheap.

I know we are still in December of 2011 but as always at this time of the year, I feel an urge into stepping into the new one. In real life that does not work but in a newsletter world it is possible.

I want to bring to your attention a couple of great deals we have going so that you can start your new year on a good note - with a great machine.

Take a look at these extraordinary prices and move fast. The prices are so low that it almost hurts. I need to move them to make room for new machines. My loss is your gain.

I also want you to know that on December 16, 2011, MG was awarded the Quality Certificate ISO9001-2008. ISO 9001:2008 specifies requirements for a quality management system where an organization

- needs to demonstrate its ability to consistently provide product that meets customer and applicable statutory and regulatory requirements, and
