

**May and June 2010**

# MG does it again, not one but 3 MG3110T sold in one Month!

In May 2010 MG trebled the order for machine model MG3110T – the first order came from Norway’s Vigor Kristiansund AS, then from India’s Lalit Pipes and Pipes Lts and finally from Hungary’s DKG-EAST Co. Inc. In all three cases MG swiped away the competition because of the solidity, high quality and guaranteed performance of MG3110T. These sells confirm MG dominance within the heavy duty plate Bending rolls, with more than 30 machine with capacity over 90mm sold in the last two and a half years!
