SCHOOLS IN VISIT AT MG S.r.l.

On the 12/02/2010, at MG, came some classes of a local school that is in charge of teaching how to work with particular kind of machinery and tools. The students, really interested, had the possibility to see some of the machinery that they are studying and a huge heavy duty bending machine that is going to be delivered to the customer in Brescia, during this days.

Here we can see some pictures where our guys are showing to the classes the monster, the **MG 3220 V**. The students also had the opportunity to see the new **MG Measuring System**, a robot that is able to measure with a very high precision.

IT BURNS MG USA

MG has now got a new web page to visit, it is the brand new **MG USA** page. Here is where you can contact your MG dealer for United States. Everything is connected to MG Headquarter, machinery are produced in Italy and then delivered to US and all over the World. Take the chance to visit the web page... Click on

www.mgusa.net

And enjoy it!

READY TO GO!!

Is now ready to go the huge MG machine sold in Brescia. Everything is being packed and loaded, all the procedure will be completed for the end of the month.

11 truck will be used to move the machinery and to finally take it to the Customer, a big Italian Company situated in Brescia, called CIB.

COME TO VISIT US AT BIEMH BILBAO 2010
